

SLIDING & SWING DOORS

**You just might be surprised  
by how much of the world  
you've been missing.**

Open a room and bring more light into your world. Nothing transforms living spaces like a Simonton Impressions® French Sliding or French Swing Door. Created from premium vinyl profiles that will never rot, warp or require painting, Simonton Impressions doors are virtually maintenance free.

Plus, advanced features make the Impressions door energy efficient, strong and safe, while various options help you create a look that complements your personal style.

## SLIDING & SWING DOORS

**French Sliding Door** Innovative features make the Simonton Impressions® French Sliding door the perfect choice for unique style, energy efficiency and peace of mind.

### Features

#### Fusion-welded Panels

The 45-degree panel corners are fusion welded to effectively stop air and water infiltration.

#### Reinforced Meeting Stile

Reinforced with steel for extra strength.

#### Fin Seal Weatherstripping

Creates multiple barriers against air and water infiltration.

**Full Interlock** Overlaps and interlocks the stile for a weathertight seal.

**Tempered Glass** Double-strength tempered glass for increased safety.

### Custom Styling Options

#### Designer Hardware Package

On the French Sliding Door, you can create a look that is distinctively yours with Decorum® by Simonton custom styling options which include exterior colors, interior woodgrain laminates and hardware cast in distinct metal finishes.

#### Multi-point Locking System

Firmly secures panel at multiple points with one easy-to-use handle.

#### External Keyed Lock

Permits the door to be locked and unlocked from the outside.

#### Corrosion-resistant\* Rollers and Sill Track

Provides consistently smooth operation for the lifetime of the door.

**Screen** Extruded screen frame provides added strength and rigidity.

#### Stainless Steel Rollers

Preferred for coastal applications because of increased corrosion resistance.

*Dark Bronze handles are standard on French Sliding Doors with a custom woodgrain interior. You can also choose handles in Brushed Nickel, Oil-rubbed Bronze, Polished or Antique Brass.*

**French Swing Door** Looking for sophistication and practicality? The Simonton Impressions French Swing Door has the style you want and the strength, durability and energy efficiency you need.

**Features**

**Multiple-chambered Frame & Panel Profiles**

Chambered lineals increase strength and thermal performance.

**Fusion-welded Corners**

Panels feature 45-degree fused corners that effectively stop air and water infiltration.

**Schlegel Q-Lon™ Weatherstripping**

High-performance weatherstripping completely insulates door panels.

**Internal Weeping System**

Sloped sill design moves water away from the door.

**Energy-efficient Glass Options**

French Sliding and Swing Door styles feature standard ProSolar Low E glass with an Argon gas fill and can be further enhanced with optional glass packages. Consult your Simonton Impressions dealer for a list of features within each package.

**ProSolar® Shade**

Our most advanced Low E glass, ProSolar Shade is a spectrally selective glass that blocks damaging UV rays while allowing desirable light into the home. The unique formula with three layers of silver helps provide maximum solar heat control, fade protection, visibility and energy savings.

**Sill Weatherstrip**

Ultra-resistant to wear and tearing.

**Tempered Glass**

Tape glazed, 7/8" unit enhances energy efficiency.

**Continuous Fixed**

**Geared Hinge** Provides maximum joint strength that helps eliminate panel sag and ensures a weathertight seal.

**Swing Options**

Hinge can be reversed to allow doors to swing in or out.

**Flush Bolts**

Additional feature on head and sill of door.

**Options**

**Extruded Aluminum Screen**

Features adjustable rollers for incredibly smooth operation.

**Custom Handles**

Standard in Polished Brass, French Swing Door handles are also available in White, Oil-rubbed Bronze, Satin Nickel and Antique Brass. Additional faux handle gives uniform look to secondary door.

The continuous fixed geared hinge has been certified to be fully functional after 1.5 million opening and closing cycles.\*\*

A solid brass center deadbolt and keyed lock provide maximum protection.

Simonton Impressions offers regionally specific glass packages for the Northern, North-Central, South-Central and Southern climate zones to meet ENERGY STAR® criteria.

\*\*Applicable with a maximum panel weight of 150 pounds.

**Double-Lifetime Limited Warranty** Simonton Impressions® windows and doors are backed by a Double-Lifetime Limited Warranty that covers vinyl, hardware, screens and glass units. In addition, all Simonton Impressions products include a 20-year accidental Glass Breakage Warranty and products with any of the Sensor Glass® packages carry a Lifetime Glass Breakage Warranty. See your Simonton Sales Representative for complete details.
